

WHEN FEELING TIRED

Hood's Sarsaparilla Builds Up the Whole System—Makes Pure Blood.

That tired feeling that comes to you in the spring, year after year, is a sign that your blood lacks vitality, just as pimples, boils and other eruptions are signs that it is impure; and it is also a sign that your system is in a low or run-down condition inviting disease. It is a warning, which it is wise to heed.

Ask your druggist for Hood's Sarsaparilla. This old standard tried and true blood medicine relieves that tired feeling. It cleanses the blood, gives new life, new courage, strength and cheerfulness. It makes the rich, red blood that will make you feel, look, eat and sleep better.

Be sure to get Hood's, because it is the best. There is no other combination of roots, barks and herbs like it—no real substitute for it—no "just-as-good" medicine.

WHITE MAN WITH BLACK LIVER

The liver is a blood purifier. It was thought at one time it was the seat of the passions. The trouble with most people is that their liver becomes black because of impurities in the blood due to bad physical states, causing biliousness, headache, dizziness and constipation. Dr. King's New Life Pills will clean up the liver, and give you new life. 25c at your druggist.

AMERICANS ARE NOW SAFE FROM YAQUIS

REFUGEES ARE CONCENTRATED ON RAILROAD WITHIN REACH OF COAST — MEXICANS ARE MENACED.

Washington, May 19.—Immediate fears of safety of sixty-five American settlers in the Yaqui valley, Mexico, where Yaqui Indians are on the warpath, were relieved today by advices to the state and navy departments. The Americans, the report said, have concentrated at Yaqui Pueblo, on the railway within reach of the coast, but for the present they are waiting and hoping for restoration of order.

A message sent yesterday by General Sosa, Villa commander in the Yaqui region, to Governor Maytorena of Sonora, was transmitted by the American consul at Nogales. General Sosa said the Yaquis, who attacked Yaqui Pueblo, an old settlement where the Americans are concentrated, have withdrawn and now are menacing a small party of Mexican soldiers at Becum. Colonel Baganegras, with 200 soldiers, was proceeding to Yaqui Pueblo to escort the Americans to Fundicion or Tabari bay, where they can be picked up by cruisers of the Pacific fleet.

"It is said," a state department summary states, "that the losses suffered in the present raid are heavy, and that until a permanent garrison is established in the valley there will be danger of destruction of American property."

"On May 15 the manager of the Richardson Construction company at Guaymas telegraphed the American consul at Nogales that William Stocker, who was wounded in the recent fighting with the Yaquis, has been sent to Empalme; that the bodies of Donovan, Wilson and Fay have been found and there have been no further casualties among the Americans reported."

"Officials of the United Sugar company have informed Consul Simplich that one of the American employees of the company was killed lately by Mayo Indians with bows and arrows. "A report dated May 15 from Hermosillo states that the Yaquis have attacked a train sent out from La Colorado, killing the engineer and several others."

AMERICANS MASSACRED BY TURKS

REPORTED THAT 8,000 HAVE PERISHED AT HANDS OF TURKS AND KURD TRIBESMEN—HELP URGENTLY NEEDED.

London, May 19.—Six thousand Armenians have been massacred at Van, in Armenia, Asiatic Turkey, according to a dispatch received in official quarters in London today from the Russian consul at Erumiah, Persia.

This message is dated May 15.—It adds that the Armenians are defending themselves to the utmost against the Turks and Kurds arrayed against them, but that help is urgently needed.

News dispatches from Persia, Armenia and Transcaucasia, in Russia, have set forth for several weeks that the position of the Armenians in Turkey, as well as northwestern Persia, was one of grave danger, but no message has conveyed any indication of such extensive massacring as does this report to London. If it is true, the Armenian situation has entered upon a period which threatens to rival the conditions of 1895.

Persecuting Armenians.

Kurds and Turks have been persecuting the Armenian residents of these localities for several months. Many have been killed, while large numbers have been driven away as slaves. The city of Van has normally 30,000 inhabitants. It is the seat of an important American mission, and the missionaries have taken an active part in the protection of Armenians from Turkish and Kurdish attacks.

Terrible massacres of Armenians in 1895, which resulted in international action for the institution of reforms, occurred in October and November. Something like 15,000 persons were killed in these months.

Americans in No Danger

Boston, Mass., May 18.—Rev. Jas. D. Barton, foreign secretary of the American board of commissioners for foreign missions, which maintains an extensive station at Van, Armenia, said today that in his opinion the reported massacres of Armenians by Turks and Kurds had taken place outside the walls of Van, rather than within the city.

The American board has been notified by the state department that the grand vizier of Turkey issued, in the presence of the American ambassador, Henry Morgenthau, an order, directing the governor of Van to protect American interests. Because of this and in view of the respect which the Turks have always shown for American mission property, Dr. Barton does not consider that the board's missionaries are in danger.

Hall's Catarrh Cure is the only positive cure now known for the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Because It Had No Hard Usage.

A couple were discussing a certain cheap store, he in defense and she the negative. "Say, look at this pocket-book. I bought it for a dime almost a year ago. Not worn a bit," he said. "Well, that's because you don't take it out of your pocket enough," she said, and the argument was closed.—Kansas City Star.

Necessity of Labor.

Labor is not only requisite to preserve the coarser organs in a state fit for their functions, but it is equally necessary to those finer and more delicate organs on which and by which the imagination and perhaps other powers act.—Edmund Burke.

Business First.

The sleight-of-hand performer was doing wonderful stunts on the stage. He had handled cards with ease and dexterity. "Now," will any one in the audience lend me a ten-dollar gold piece?" he asked. And the pawnbroker in the fourth row at once replied: "On vat?"

Obeying Regulations.

Little Bessie went to the park with grandpa. She was passionately fond of flowers, and grandpa lifted her up to see the pretty flowers in the urn. A policeman came along and said: "You mustn't pick the flowers, little girl," to which she gravely replied: "I unt pick 'em; I only mell 'em."

Diplomatic Meaning.

"What do you mean when you say you are going to establish a protectorate over us?" asked the weaker government. "We mean," replied the stronger, "that we are going to protect ourselves as far as possible against any further annoyances on your part."

How Mrs. Harrod Got Rid of Her Stomach Trouble.

"I suffered with stomach trouble for years and tried everything I heard of, but the only relief I got was temporary until last spring I saw Chamberlain's Tablets advertised and procured a bottle of them at our drug store. I got immediate relief from that dreadful heaviness after eating and from pain in the stomach," writes Mrs. Linda Harrod, Fort Wayne, Ind. Obtainable everywhere.
